

# 1" Spinner-Flowmeter Tool

*Description: Measurement of linear and volumetric flowrates in production and injection wells - Detection of leaks and inflows*

Diameter: 1"

Length: 30.5"

Weight: 3.75 Lbs (1.7 Kg)

Temperature Rating: 150° F (302° F)

Offsets Flowmeter: 4.3 Inches from the bottom of tool

Pressure: 10,000 Psi (69 Mpa).
